## INTERIOR DESIGN GRADUATE

### PERSONAL PROFILE

Applying for a position that will fully utilise my innovative personality and develop my skills in the field of interior design; I would appreciate the chance to demonstrate my value to a potential employer. My main area of interest is residential and hospitality design, which has enabled me to develop skills in creating aesthetic balance, spatial layout, and setting the tone of the space to give a sense of personality and identity. My current areas of strength are in creating and curating the final visuals for communicating and presenting to clients. I'm a highly motivated person who enjoys setting goals and working under pressure.

### SKILLS

- Photoshop
- Adobe InDesign
- Sketchup
- Lumion

- Quick Adaptation

### EXPERIENCE

#### INTERIOR DESIGN INTERN

HASAN GUNSEV ARCHITECTURE– Antalya, Turkey, August-September 2023

Produced layouts and designs meeting with the client as the project develops and creating new plans according to their preferences. Plans and sections were created using measurements from the area's construction to comprehend and solve the building. Daily construction site monitoring was carried out concurrently to ensure that technical drawings and designs were appropriate for the building and to prevent issues with the projects.

#### ORGANIZATION HELPER

LCD EVENTS STYLING AND PROPS- Leicester, United Kingdom 2022

To design events that understand the customers' needs and to ensure that every step of these concepts work properly with a collective effort utilising everyone's talents and ideas. Recognising that the space is suitable for the organisation. Learning to organise and plan the events timetable. I learned how to complete all work safely and efficiently. According to all safety rules. Designing and reviewing the event structure and ensuring that problems are resolved quickly.
